■ Details of the Game Contents \* Information based on the official website. An explanation regarding the detailed contents of each item is listed below. ◆ Item Name Eden Eden (Period: 1178-1221) \* See 'Skill Effect' in the 'Character Skill Effect' section of page 2. The presence of Eren and Levi in the beginning of the game allows you to increase your base strength. This character cannot use weapons, armor, or magic, but can use items freely. You can determine your base strength in the following ways: (1) You can increase your base strength to 100 for every 100 levels. (2) The number of items used, their validity period, and their effects all affect base strength. \* The movement speed of 'Flying Hunting,' 'Black Magic,' and the other skills increases automatically by using their items. (1) Character Name and Class You will be able to determine your name and class at the beginning of the game. \* "Class Change" in the "Your Start" section of page 2 will only apply to the class you determine at the beginning of the game. \* Your class after "Class Change" will be applied when you advance your character. \* Changing the class after "Class Change" has been applied will not change your level. \* Classes that appear in red on the "Class List" in the "Character Information" section of page 2 will not be usable in the game. \* When you decide the class of your character, you can choose a class that will be usable in the game. \* Your base strength changes as follows: (1) The base strength of your character increases as you level up. (2) Skills that can increase base strength are marked with an asterisk (\*) in the "Skill Effect" of page 2. \* The effect of a skill is determined by the following: (1) The base strength of your character (2) The skills that can increase base strength and their effects (1) Leveling up will not change your base strength. You can achieve a higher base strength than the base strength required for a certain level by leveling up, but the base strength will

## What's new:

### 1.8.0 -

Thanks to the development of SAO's staggering business model based on "Sell Artwork With Tokens," which leads to a long and difficult process to obtain more tokens, the development team of Amnesia: A Machine for Pigs at 505 Games has undertaken the revision and release of the new version of Amnesia: A Machine for Pigs. The new version, 1.8.0, is very noteworthy as it contains a large amount of improvements to the established base. Moreover, on the version of 1.8.0, special features are newly added and the decorative model of the monster is dramatically improved. The game has played a sufficient role in the evolution of the genre Amnesia. Also, we will continue to pay great attention to the needs of the players and release the patch with regularity. We would like to express our profound thanks to the Amnesia: A Machine for Pigs players and wait for your continued support. In addition, we are offering a special discount of 20% on the discount period from June 3 to June 17 for Amnesia: A Machine for Pigs. Please experience the new version of the game from July for Amnesia: A Machine for Pigs, and we will also send the discount code to you.

From now on, the saga of Kairos Saga will continue after the release of Kairos Saga season1: The Hammers of the Gods. You will play Ray Volf easily as a new character named "Ray Volf" to fight the intense monsters. Have you put down the Kairos Of Gilded Lion?
